Cyber Security | Ethical Hacking | Web Application Security

PROFESSIONAL SUMMARY

Cyber Security and Ethical Hacking trainee with a strong full-stack web development background. Hands-on practice in web application security through PortSwigger Web Security Academy labs, including SQL Injection, Cross-Site Scripting (XSS), CSRF, Clickjacking, and Access Control. Experienced in IT support, system administration, website and ERP maintenance, and web application development. Seeking opportunities in penetration testing, web application security, or security analysis.

TECHNICAL SKILLS

Cyber Security: Ethical Hacking; Penetration Testing; Web Application Security; SQLi; XSS; CSRF; Clickjacking; OWASP Top 10; Access Control

Security Tools: Burp Suite; Kali Linux; Nmap; Metasploit; Wireshark; PortSwigger Web Security Academy

Web Development: MERN Stack (MongoDB, Express, React, Node.js); JavaScript / ES6; PHP; Laravel; HTML5; CSS3; Bootstrap; WordPress

Databases & APIs: MySQL, Firebase, REST APIs, JWT Authentication

Other: GitHub; System Administration; ERP Support; User Access Controls; Backups

PROFESSIONAL EXPERIENCE

Cyber Security and Ethical Hacking Trainee

Arena Web Security | Remote | June 2026 – Present

- Completing a 50-credit professional diploma in Cyber Security and Ethical Hacking, covering penetration testing, web application security, and network security.
- Practicing web application security through PortSwigger Web Security Academy labs, including SQL Injection, XSS, CSRF, Clickjacking, and Access Control.
- Using Burp Suite, Kali Linux, Nmap, and Metasploit in practical security labs.

Information Technology Executive

Sylhet Women's Medical College and Hospital | Sylhet, Bangladesh | May 2019 – Feb 2022

- Maintained critical ERP software and official websites for multiple institutions, supporting 99.9% uptime and data integrity.
- Implemented security practices, including user access controls, password audits, and system updates.
- Provided technical training and support to 250+ staff members, reducing IT support tickets by 30%.
- Managed system backups and user access controls to support day-to-day IT operations.

Full-Stack Web Developer

Virtual Staffing | Sylhet, Bangladesh | Mar 2017 – Oct 2017

- Designed and developed full-stack web applications using Firebase, WordPress, and Materialize CSS.
- Worked with web architecture, databases, and server-side logic, building a foundation relevant to web application security.

CYBER SECURITY PROJECTS

PortSwigger Web Security Academy Labs | 2026 – Present

- Hands-on labs covering SQL Injection, XSS, CSRF, clickjacking, and Access Control vulnerabilities.
- Applied Burp Suite, manual exploitation techniques, and vulnerability assessment methods.

SR7 | Cyber Security Brand | 2024

- Created a personal cybersecurity landing page presenting the SR7 security learning and project portfolio.

Project: sr-chowdhury.github.io/SR7_Deface_V2/

SELECTED WEB DEVELOPMENT PROJECTS

SHUTTER-SENSE – MERN Stack Platform | Jun 2023

Developed a photography course platform with Stripe payment integration and role-based access control for users, instructors, and admins.

GitHub: [Server-side](#) | [Client-side](#) | Live: [Shutter Sense](#)

ZOO-ZOOM-TOYS – MERN Stack Marketplace | May 2023

Built a marketplace with user authentication, CRUD operations, and price-based sorting.

GitHub: [Server-side](#) | [Client-side](#) | Live: [Zoo Zoom Toys](#)

ASIAN-FOOD-KINGS – MERN Stack Food Platform | Apr 2023

Created a food menu and recipe platform with user authentication, social login, and food ratings.

GitHub: [Server-side](#) | Client: [Client-side](#) | Live: [Asian Food Kings](#)

Journal of SWMC – Laravel Publication Platform | Feb 2021 – Mar 2021

Developed a publication website with DOI generation, PDF viewer, and admin panel.

Live: [Journal of SWMC](#)

Sylhet Women's Nursing College Website – Laravel CMS | Jun 2020 – Jul 2020

Built a responsive CMS with gallery, notice board, and news sections.

Live: [SW Nursing College](#)

EDUCATION

Professional Diploma in Cyber Security (In Progress)

Arena Web Security | June 2026 – Present

A 50-credit programme covering Ethical Hacking, Penetration Testing, Web Application Security, OSINT, and Network Security.

MSc Information Systems

University of Portsmouth, UK | 2022 – 2023

Focus areas included web product development, database management, UX design, computer networking, and systems analysis for business.

BSc in Computer Science & Engineering

Leading University, Bangladesh | 2014–2017

Core studies in programming, web and software development, problem-solving, and critical thinking.

CERTIFICATIONS

- Certificate of Completion with Excellence – Complete Web Development Course, Programming Hero (2023)
- Black Belt – Web Development, Programming Hero

ADDITIONAL INFORMATION

- Languages: Bangla (Native); English (Professional Working)
- Interests: Ethical Hacking; Penetration Testing; Web Application Security; OSINT; Linux; CTF Challenges
- Cybersecurity brand: SR7 – Think Like an Attacker. Build Like A Defender.
